

Images in Sci Documents

3/2

easier to communicate than using words
condense info
simplify, clarify, highlight info
catch attention

flowcharts
charts
photos
drawings

tables vs figures
- graphs
- diagrams
- flowcharts

generally, you refer to it in text of paper
(fig 2)
or use sentence to draw reader's attention
Table 2 ...

as well as give it a title
"explanatory legend"
"figure legend"
should be able to stand on its own
sometimes takes up half a page

tables are labeled on the top
- generally a sentence

may have footnotes

Graphs - titles go below
called a figure,

↙
Perhaps on side
